

<title> Underground Operators, Gate RAMS, Sliding Gate Motors, Gate Operators, Aberdeen, Inverness</title>

<meta name="keywords" content=" Underground Operators, Gate RAMS, Sliding Gate Motors, Gate Operators, hydraulic operators, electro-mechanical " />

<meta name="Contents" We provide many examples of Underground Operators, Gate RAMS, Sliding Gate Motors, Gate Operators, hydraulic operators, electro-mechanical " />

<p> Underground Operators, Gate RAMS, Sliding Gate Motors, Gate Operators, hydraulic operators, electro-mechanical. </span>. <br />Do not hesitate to <a href="contact.html">contact us</a> for your FREE no-obligation quote.</p>

### **Frog Underground Operators**

Robust Reliable concealed **underground** automation for swing gates with leaves measuring up to **3.5m** in length.

### **Frog-J Underground Operators**

**Underground** automation for swing gates with leaves measuring up to **1.8m** in length.

### **Ati Surface Above Ground Operators**

Above ground **worm drive, electro-mechanical** automation for swing gates with leaves measuring up to **1.8m** in length.

### **Amico Above Ground Operators**

Above ground **worm drive, electro-mechanical** automation for swing gates with leaves measuring up to **1.8m** in length.

### **Ferni Above Ground Operators**

Articulated arm automation for swing gates with leaves measuring up to 4m in length.

### **Fast Above Ground Operators**

Articulated arm automation for swing gates with leaves measuring up to 2.3m in length.

### **Krono Above Ground Operators**

Worm drive automation for swing gates with leaves measuring up to 5m in length.

### **Axo Above Ground Operators**

Worm drive automation for swing gates with leaves measuring up to 7m in length.

## **ORO Hydraulic Operator**

- For swing gates up to 200 kg and 2,5 m

## **LUX Hydraulic Operator**

- For swing gates up to 800 kg and 5 m

## **LUX BT Hydraulic Operator**

- For swing gates up to **300 kg** and **2 m**
- Operational safety (24 V technology)

**P7 - P4,5 Hydraulic Operator**

- For swing gates up to **500 kg** and **7 m**

**SUB Hydraulic Operator**

- For swing gates up to **800 kg** and **3,5 m**

**BX Sliding Gate Motors**

Automatic sliding gate motors for light and medium weight sliding

**BK Sliding Gate Motors**

Automatic sliding gate motors for medium to heavyweight sliding gates

gates weighing up to  
600Kg.

weighing up to  
2200Kg.

## DEIMOS

- For sliding gates up to **800 kg**
- Operational safety (24 V technology)
- Simplified bus connection system **FAST NET**

## ARES

- For sliding gates up to **1500 kg**
- Operational safety (**24 V** technology)

## ICARO MA

- For sliding gates up to **2000 kg**

## URANO BT

- For sliding gates up to **1200 kg**
- Operational safety (24 V technology)

## SP4000

- For sliding gates up to **4000 kg**
